Important Security Settings

To adjust the privacy settings, Tap your account avatar → Settings → Privacy

- Phone Number, set who can see & find your number to “Nobody”
- Turn ON Screen Lock & set a timeout. This will lock Signal if it's open & inactive too long . You will need your Pin to unlock.

- Turn ON hide screen setting, & for Android, incognito keyboard.

Group Chat Setup

1. In app, tap  and then  Group Chat
2. Select Contacts or add phone numbers.
3. Tap Next or 
4. Enter a Group name.
5. Choose disappearing message time.
6. Tap Create.

Group Chat Admin

When you create a group, you are the admin.

Admins can:

- Change group security/permissions settings
- Edit group details
- Add/remove members
- Add/remove admins

Managing Group

To add co-admins, open group chat → tap group name → members. Click on name, and tap 

- To remove/ block a member, tap the name and then remove or block.
- To adjust disappearing messages, Tap group name → Disappearing Messages and choose timeframe.
